Professional Summary :

- Full-Stack Developer with hands-on experience in building scalable web applications using React.js, TypeScript, Tailwind CSS, .NET Core Web API, and MS SQL Server. Skilled in developing end-to-end solutions, including frontend UI, backend services, and database integration.
- Proficient in designing and implementing RESTful APIs, performing CRUD operations, and integrating APIs with frontend applications. Experienced in creating responsive, reusable UI components, optimizing application performance, and following modern development best practices.

Internships

Full-Stack Developer Intern

THANGAM INFO TECH | Feb 2026 – Apr 2026

- Contributed to the development of a Clinical Management System handling patient records, using React.js, TypeScript, Tailwind CSS, .NET Core Web API, and MS SQL Server to build scalable and efficient features.
- Designed and implemented RESTful APIs, CRUD operations, and database integration, enhancing data accuracy and optimizing system performance.

Industrial Trainee – Robomiracle Technologies Pvt. Ltd., Coimbatore

- Assisted in developing automation workflows and system integration for robotics applications.
- Gained hands-on exposure to hardware-software integration and real-world system design.

Projects

Payslip Generator

- Developed a web-based Employee Payslip Generator handling 10000+ employee records, using HTML, CSS, and JavaScript with business logic and CRUD operations for automated salary calculations.
- Designed a responsive UI and optimized data processing, reducing manual payroll effort by 50% and improving accuracy by 30%.

Migration Works Portal

- Developed a full-stack Migration Works Portal enabling migrant workers to discover local job opportunities, using React.js, TypeScript, Tailwind CSS, Node.js, and MongoDB, with a scalable architecture supporting high user traffic.
- Designed and implemented role-based authentication, RESTful APIs, and CRUD operations, enhancing job matching efficiency and optimizing worker registration and management workflows.

Key Skills

Frontend

React • TypeScript • JavaScript • HTML • CSS • Tailwind CSS • Responsive UI • Lifecycle Hooks • Nx Monorepo

Backend & APIs

.NET Core Web API • Node.js • JWT Authentication • API Integration

Database

SQL Server • MySQL • MongoDB

Programming Languages:

Python

Tools & Methodologies

Git • Git Version Control (branching, merging, pull requests) • GitHub • VS Code • Visual Studio • PowerBI • UiPath Studio • Excel

Achievements:

Kalam's World Record – 24-Hour Codeathon | June 2024

Awarded for participation in a record-setting 24-hour coding event organized by Kalam's World Records (ISO 9001:2015 Certified). Demonstrated exceptional problem-solving, teamwork, and continuous coding performance.

Education

Bachelor of Engineering (B.E.) – Computer Science and Engineering (2022 – 2026) **CGPA – 8.1**

Suguna College of Engineering, Coimbatore - 641014
